Tower Fan with Remote MFD4880R

TOWER FAN

Please read this instruction manual thoroughly before operating and keep it for future reference

IMPORTANT SAFETY INSTRUCTIONS

Warning

- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capability, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised at all times while in use.
- Children should be supervised to ensure that they do not play with the appliance.
- Remove the packaging and ensure that the appliance is not damaged. In case of doubt, do not use the appliance and contact the manufacturer or product dealer.
- Before connecting this appliance to the power supply, check if the rated voltage indicated on the rating label of this appliance corresponds with the supplied voltage at your home.
- Do not use the appliance if the cord or plug is damaged, if the appliance has malfunctioned, or if it has been dropped or damaged in any way. If the power cord is damaged, it should be replaced by the Service Centre to avoid any hazards.
- Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and/or injury.
- Do not immerse the appliance, power cord, or power plug in water or any other liquid.
- Always unplug the appliance from the outlet when not in use and before cleaning.
- Never unplug the appliance by pulling on the cord.
- Only use accessories that come with the appliance, as other accessories may cause fire, electric shock, or injury.

Tower Fan Safety Instructions

- It is recommended to switch off the tower fan and allow the motor to rest for at least 1 hour after 10 hours of use.
- For your own safety, please clean your tower fan regularly. Accumulation of dust/ pet dander etc. may lead to motor fire or pose a fire hazard.
- When the appliance is not in use and before cleaning, unplug the appliance from the outlet.
- Indoor and household use only.
- When the fan was assembled, the rotor blade guard shall not be taken off anymore.
 - Before cleaning unplug the fan.
 - The rotor guard shall not be disassembled/opened to clean the rotor blades.
 - Wipe the fan enclosure and rotor blade guard with a slightly damp cloth.
- Never insert fingers, pencils, or any other object through the grille when the fan is running.
- Disconnect fan when moving from one location to another.
- Be sure the fan is on a stable surface when operating to avoid overturning.
- Do not use the fan near the window, rain may create an electrical hazard.
- Avoid using extension cord as the extension cord may overheat and cause a risk of fire.

- Do not use the fan near or in wet or damp locations. Never place the FAN where it may fall into a bathtub or other water container.

Warning

- The Main Power Switch and the On/Off switch should not be used as the sole means of disconnecting power. Always unplug the power cord before servicing or moving the unit.
